

ABOUT VERTEX

The technology leader in diffused-air lake aeration systems and custom floating fountains

- Vertex membrane technology has been independently tested and proven to outperform other makes and models of diffusers
- Self-cleaning flexible membrane openings prevent clogging in even the dirtiest of lakes. Muddy bottom, dirty, brackish, salt or hard water?
No Problem!
- Perfect for updating or retrofitting worn-out, clogged or broken airstone or tube type diffusers.
- Vertex MicronBubble™ technology provides superfine bubble generation. As bubble size decreases, oxygen transfer and lifting rates increase dramatically.
- 5-year warranty—all Vertex AirStations™ carry a “No Questions Asked” free replacement guarantee.

for more information.

Since introducing our third generation Membrane³ technology in 2006, Vertex Water Features has sold more than 24,000 diffuser disks without a single reported clogged or blown-out membrane.

In fact, of the over 24,000 Membrane³ units installed only two disks have ever been returned for replacement, and those two disks were suspected to have suffered alligator bite damage.*

Membrane³ Features and Benefits

- Replaced older Membrane² technology in 2006
- New, more energy efficient die cut perforations
- New “Delta” shaped surface pattern increases active surface area and aeration efficiency during low and moderate air flows
- Reformulated proprietary polymer membrane compound for increased flexibility, wear and clog resistance
- Enlarged and strengthened diffuser ring for improved membrane retention and service life
- Redesigned and strengthened both the diffuser body and membrane backing plate for increased durability and reliability
- Self cleaning, no yearly removal or acid cleaning required
- For more information on choosing the best diffuser technology for your aeration project please visit our website at www.vertexwater-features.com.

* Vertex immediately and happily shipped out two new disks to our customer. Vertex stands behind its diffuser technology with our famous 5-year “No Questions Asked” warranty. Not a 2- year warranty or a pro-rated warranty but a **100% replacement warranty**.
